

VERA CHEMICAL WORKS BURNED; LOSS IS \$35,000

Fire to-day in Stoneham destroyed four long, frame storehouses of the Vera Chemical Company in the Farm Hill section of that town with a loss estimated at \$35,000 and furnished a spectacle that interested and excited Greater Boston.

A general alarm was rung in and help was sent from Woburn, Reading and Wakefield.

HAMPERED BY LOW WATER PRESSURE.

The Steamship firemen were hampered at first by low water pressure. When sufficient water was at their disposal, the Steamship men and the volunteers from surrounding towns had a stiff fight, not only to keep the flames from reaching the chemical plant, but also to prevent the flames and fumes from catching. Some of the firemen had to be detailed from the main scene of action to fight these water fires to fight the flames with sand and cars were dispatched up the line. The sand was thrown upon the blaze. It was feared that the freight sheds and station building of the Boston & Maine would be destroyed if the wind veered a bit. Traffic on the Steamship branch was tied up for several hours.

Firemen Driven Back.

ing fire, caused by hot and blown sparks and glowing embers from the burning building.

It was said that the fire was caused by a spark from the drosses of a sifting engine landing on inflammable material. The engine was in danger from the fire. It was removed from the danger zone by firemen.

Four Storages Aflame.

The shed where the fire started was in flames. The fire spread to the four storages of the company are several hundred

feet long each. Punched by force through the flames leaped through the long low structures, spreading from one shed to another, till four were aflame.

At 6:30 p.m. the fire chief Jones after it started called Assistant Superintendent John Boston of the Southern division of the Boston & Maine around the train

the fire.

The fireman encountered the greatest difficulty in getting at the fauces in one of the wooden structures, in which were stored 30,000 pounds of resin. Two of the storehouses, were formerly owned by the same company.

The loss to the chemical company is covered by insurance.

Congressman James M. Curley, Tenth District candidate for Congress, held a noon rally to-day at Granite and A streets, South Boston, where he addressed employees of the leather, wool and sugar districts. He charged Congressman O'Connell, one of his opponents with supporting the Communism and thereby being responsible for the increased cost of living. Mr. Curley said:

"This congressional campaign is the most important that the country has ever known within the last sixty years."

"Under the policy of Communism, of which Mr. O'Connell by his vote and ser-

vice versa from one of the five most representative nations, we have a high increase in the cost of living with never any corresponding increase in pay or in earnings and this greatly means that confronts our people with a permanent means of relief from the unjust and intolerable daily tasks which rests upon the backs of millions who are today staggering beneath the weight of high prices.

INTELLIGENCE IS THE GREAT FACTOR IN HUMAN ACCOMPLISHMENT

The image shows the front cover of a small, dark-colored book. The cover has a pebbled or leather-like texture. In the center, there is a circular label with a thin white border. Inside the circle, the text "WEBSTER'S CONDENSED DICTIONARY" is printed in a serif font, arranged in three lines. Above the text, there is a small, faint illustration of a classical building with columns. The book is slightly worn, and the edges of the pages are visible on the right side.

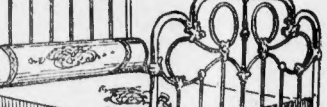

The "intelligent" man is the man who makes the best use of all those things at hand—the man who adopts a broad view of life—who absorbs what is best in books and in humanity on a broad scale, classifying events, people, philosophies, artistic things, and gives to each thing its proper relative value.

You never saw a man of "intelligence" groping blindly about for the *right word* to express himself. He has a command of language. He uses words in order to convey an *intelligent* thought—not for the mere purpose of talking. No man who is unable to convey ideas—clearly and concisely—can be called an "*intelligent*" man.

In order that you may be classed as a man or woman of intelligence, it is advisable that you keep up your reading—your thinking—your study. To study or read properly requires constant association with a “*good dictionary*,” an authority on the *right* use of the *right* words at the *right* time.

"Well," I replied, "I do not remember."

"About his going to Rome? the President then asked."

"I said, 'No.'"

"Well," he said, "I told him I would not write a letter to the Pope, asking for a favor for me. I said that I could go to Rome and say—*viva voce*—to the Pope how much I wish you to be cardinal and how grateful I personally would be for giving you that honor."

SUBURBAN TEAMS IN FIRST GRIDIRON GAME

Revere High will announce its 1916 athletic league, November 5. Waltham football campaign Saturday when the Red and Blue football warriors enter the field in a four set matinee at Broadway field. The prospects for a championship team are none too bright at Revere, as most of last year's crack team have either graduated or fallen under the average law. With plenty of material on hand, Bob Walls, the former Harvard "rattle" player, has hopes of turning out a winning team which will give the other teams in the interscholastic league a run for the money.

At last year's team but few are still in school. William Park, at quarterback, Austin Piers and Oliver, guards; "Ding" Dunn, end fullback, and Bob Garfield, halfback. Of the substitutes there are several. They look like men on hand who are sure to make a hard fight for the different places. The present squad includes about forty-five men with a lot of green material which the coaches are slowly developing. Manager Hamilton has arranged an at traction program with games scheduled with all the strong high schools in the State.

The schedule follows: September 24, Chelsea High at Somerville; September 28, Groton School at Groton; October 6, Medford High at Medford; October 12, Boston Latin at Somerville; October 13, Cambridge Latin at Somerville; October 22, Malden High at Somerville; October 20, Dorchester High at Dorchester (interscholastic).

BARNES LOSES TO ANDERSON

Jim Barnes, ex-champion middleweight wrestler of America, lost the New England championship to Stu Anderson of Norwood at the Columbia last night in a match that belonged to neither to the last minute. So even was the going that everybody was on pins and needles all the way, and when Anderson finally landed Barnes' shoulder on the mat for the third fall with a half-bowling hold the post-up excitement broke loose. The small margin between victory and defeat in a wrestling match was never more clearly demonstrated, Barnes scored times securing holds that looked final for Anderson, but he was wrangled away from them like the proverbial cat.

The first fall went to Anderson after twenty-five minutes of clever work, a half Nelson, bar arm and body hold during the trick. Barnes was a whirlwind in the second and won it in four minutes with a leg chancery and armlock. The third bout was the shortest of the three, both men working like race horses. Anderson prevailing the better stayers well as a little cleverness than his opponent. Barnes immediately challenged Anderson to a return match.

FIREMEN WIN HOT GAME WITH POLICE
The Malden stream defeated the Malden police in a hotly contested game on the High School athletic field, yesterday afternoon. The game was witnessed by a large crowd of voters.

SUPERSTITIOUS CALL ATHLETICS 'SKIDDOOS'

If current superstition is to have a voice, the Athletics are already doomed to destruction in the coming world-series. They have carried twenty-three players an obligation for the great event and will be known as the Skiddos by all who believe in the domination of certain numbers. Nucky list includes a formidable array of star performers and a few have been as follows: Thomas, Lapp, Livingston, Donohue, Plank, Bender, Morgan, Krause, Atkins, Dycor, Coombs, Houser, Davis, Collins, Harry, McAnis, Derrick, Murphy, Lord, Baker, Strank, Harrel and Oidring.

Almost everybody in Boston reads the AMERICAN.

SHERLOCK WILL COACH RINGDO

Edward "Skip" Sherlock is the new coach of the Hinde Mammal Training School football team. He succeeds Bill Brander, who is now coaching Haverhill High. Sherlock, formerly coach of the Waltham High eleven, who was offered the position, declined because of business.

Sherlock, he well known among old school boys. He played quarterback for English High for three seasons. The following season, 1909, he coached English High, succeeding "Fritz" Richards. He was driven by Dr. Tander and both horse and driver received no action.

HARRY VAUGHAN TO HELP COACH YALE

JACKVILLE, Ct., Sept. 22.—Harry Vaughan, the old Eastern football player, who was one of the stars on the Yale team last fall, and who, because of ill health, has never played on the gridiron again, will be assistant coach of the Yale football team this fall. Vaughan will be the only regular the coach of the team, and is an ideal man for the position. He played at Yale with several stars in 1904. The honor was previously held by George G. who stopped a mile over the Atlantic track in 2:08.5, in October, 1907.

Yale went to the eighth in 15 seconds, but before he reached the quarter pole, he made a jump, and lost fully a second. He was driven by Dr. Tander and both horse and driver received no action.

UHLAN BREAKS WORLD RECORD

ALLENTOWN, Pa., Sept. 22.—Uhlman, the world's champion trotter, owned by C. K. Bittus, the "Cleveland millionaire," broke the world's trotting record on a half-mile track, stopping the mile with scarcely an effort in 2:05.5. The honor was previously held by George G. who stopped a mile over the Atlantic track in 2:08.5, in October, 1907.

Uhlman went to the eighth in 15 seconds, but before he reached the quarter pole, he made a jump, and lost fully a second. He was driven by Dr. Tander and both horse and driver received no action.
